

ANTI-VIRAL CLEANING & SANITIZING SERVICE

“ *ATMs are touched by thousands of people every day, making them susceptible to many germs and bacteria.* ”

Today, more than ever with the global rising risk of the Coronavirus, it is important to provide a clean, safe and viral-free environment to your staff and customers and Cennox can help with our Anti-Viral Cleaning and Sanitizing Service.

Cennox understands the importance of cleaning and maintaining customer facing equipment, not only to prolong the life of the equipment, but to provide customers with peace-of-mind, especially when facing a global pandemic.

Along with our ATM cleaning service and maintenance programs, you can give your customers the added protection they've come to rely on. While our skilled technicians are on site, they take the extra step to assess the area to determine your cleaning and maintenance needs. With years of experience, Your customers expect the best. We help you deliver.

CENNOX ALSO OFFERS A WIDE RANGE OF DEEP CLEANING, DETAILING AND MAINTENANCE OPTIONS

ANTI-VIRAL CLEANING & SANITIZING SERVICE

Our trained and experienced technicians apply a ready-to-use, hospital grade disinfectant cleaner on all external surfaces of the ATM and other customer facing equipment. The effective disinfection and cleaning performance acts fast, and is a simple, non-rinsing formula, lasting for 48 hours.

- > A single step product solution to killing critical viruses and bacteria
- > Effective against 27 micro-organisms including MRSA, VRE
- > Surface protection: non-corrosive, non-bleaching formula disinfects hard surfaces without creating destructive micro-cracks that harbour pathogens
- > Environmentally responsible: no VOC's or added fragrance.
- > Formulated with Accelerated Hydrogen Peroxide technology to deliver fast-acting, broad spectrum disinfection with enhanced cleaning power
- > Designed for healthcare, child care centers, first responders and hospitality

With almost 10 times the amount of detergent found in a typical diluted neutral detergent mix, it also leaves minimal streaking, providing a prestige finish. Our Anti-Viral cleaning service can be scheduled as a one-time clean or on a recurring basis to ensure your equipment is always clean and safe for your customers.

HAND SANITIZER DISPENSER

Cennox also offers a compact, locking, easy to refill hand sanitizer dispenser to be placed on or near your ATM machines for your customers convenience and well being. ADA compliant for protrusion into walkways and the advanced instant hand sanitizer is the most trusted and used by hospitals.

ADDITIONAL CLEANING & MAINTENANCE SERVICES

Our ATM Cleaning service programs include the complete cleaning of all external surfaces of the ATMs, surrounds, fascias, housings, and drive-up kiosks. Our service technicians, who provide national coverage for our customers, also perform emergency "break-fix" operations with rapid response times.

Cennox also provides a ATM Refresh Kit to bring your ATM back to like new appearance from constant use, exposure to sunlight and harsh weather, which can cause fading, scratches and dents, leaving your ATM looking worn, tired and broken. Cennox can replace the most commonly worn and damaged items, improving the customer experience by providing confidence in you and your ATMs.
