

DEEP CLEANING SERVICE

“*With the global rise of virus concerns, today is more important than ever to reassure your customers that your equipment is clean and safe to use.*”

YOU'VE ASKED, WE'VE LISTENED

Cennox is Now Offering Deep Cleaning and Sanitizing Services

Cennox has been asked by many of our clients large and small to pivot our existing cleaning and maintenance services to take on a branch cleaning and sanitizing approach. Cennox has deliberately lowered our pricing by offering a wipe and walk service, to ensure that all customers have access to these vital services and keep employees and customers safe and our families employed.

PROVIDE A CLEAN & SANITIZED ENVIRONMENT

Reassure Customers Visiting Your Branch

Cennox has experienced technicians available across the United States to provide deep cleaning and sanitizing services. We efficiently and effectively clean areas inside and outside of your institution to ensure all key areas are covered.

Financial institutions large or small will benefit by utilizing our skilled service team to clean and sanitize your hard service areas. This includes but not limited to equipment and counters, which are used daily by customers and staff. With years of experience, your customers expect the best. We help you deliver.
