

Corporate Transformation

OUR PROJECTS DIVISION IS ACTIVE AROUND THE WORLD SUPPORTING A WIDE SCOPE OF CORPORATE TRANSFORMATION PROJECTS.

Cennox provides the highest level of quality construction services using a hands-on approach and experience unrivaled in the industry. Cennox utilizes our in-house team of skilled engineers and project managers, delivering a wide variety of first-class construction and refresh projects to financial institutions, retail, commercial, and government agencies. Cennox delivers thousands of CAD drawings and surveys to clients each year for projects in areas of facility and branch transformation.

Construction and facility transformation

WE ARE TRUSTED FOR ALL THINGS FACILITIES

We provide our customers with the full suite of services to support their transformation projects. From identifying the right hardware to improving efficiencies, to the complete fitout and signage of your facilities. Our consultative approach and unique ability to provide solutions to each touch-point of any project.

Cennox is known and trusted for managing complex projects and our customers regard our core capabilities as the ultimate solution for their business. From installation to complex banking and retail automation to managing and installing the latest airport security equipment, our customers think Cennox and consider it done.
