

Note Counter

BC 282 SD

CASH TESTER

Reliable and innovative 2-pocket value counter with SD card update function

When you want to process larger amounts of banknotes and you don't want the banknote counter to stop at suspect notes, we recommend looking after a so called '2-pocket' value counter. The BC 282 SD sorts out these notes in a separate pocket and continues counting without a restart. The, successfully tested, BC 282 SD is a professional banknote counter with lots of possibilities for the demanding user!
