

Note Counter

— BC 95/115/125

CASH TESTER

Quality at entry level prices

The models BC 95, BC 115 and BC 125 come with many functionalities and are very robust. Activate 'value counting' and the display shows the total value and number of the counted notes. Very simple and a time-saving functionality! Different currencies are already programmed (Euro, GBP and USD) and other combinations are on request. Each model can batch, add and count on different speeds.
