

# Complete CIT and cash protection

SOFTCAR CIT VEHICLES

Reduce operational costs  
and improve security

Combining our CIT cases with a specially converted vehicle creates the ultimate in cost effective CIT solutions. Cheaper to buy, run and staff, soft skin vehicles offer greater opportunities for CIT companies to service their clients more efficiently.

---

## Benefits of the Softcar CIT vehicles

Lightweight and customisable, the softcar vehicle configuration can be retrofit into any commercial vehicle, replacing the heavy armour and expensive traditional CIT truck.

- + Reduction of potential attacks
- + Less expensive than traditional armoured vehicle
- + Can reach tight locations and park in places convenient
- + No access to cash in the vehicle
- + No special driving license is needed to drive
- + Less risk of personal injury to guard
- + Track & trace enabled
