5

Our strengths in project management are a source of pride at Cennox. Once you have completed the entire process with us to a successful conclusion, you will understand why.

EXPERIENCED AT DELIVERING EXCELLENCE

ELECTRICAL SERVICES

Our electrical services at Cennox aim to reduce our customers' energy consumption while maintaining connectivity for the energy and information that is needed at all times.

The end goal is for our customers to have the best system possible with the proper management tools that enable their organization to function at full capacity.

COMPLETE ELECTRICAL SERVICES

- New construction
- Tenant construction
- Code compliances
- Installation
- Commissioning of Energy Management Systems to service requests – including emergency calls

Our teams' expertise helps you receive the best recommendations to monitor, control, and conserve energy.

EXPERIENCED AT DELIVERING EXCELLENCE

CAD SERVICES

Cennox has a dedicated in-house team of skilled and experienced CAD technicians. Their roles across a multitude of projects enable them to deliver the necessary CAD drawings that support our installation and construction projects.

At our offices in California, our team has adopted a process of working through a series of milestones that ensure every project is managed perfectly, from the drawing board, to the construction site.

CAD SERVICES

- Light construction projects
- Remote site development
- Internal fit-out projects
- Use of the latest project management tools
- Shared online access to project and reporting systems available

SIGNAGE & BRANDING

Cennox works with the world's leading brands to deliver client-specific signage and top-notch installation services. Our unique ability to manage such a wide variety of projects in-house allows us to maintain our status as an industry leader. Our abilities range from traditional heraldry and sign making to the utilization of the latest, cutting-edge materials, technologies, and logistics.

Cennox is a major provider of services to the commercial, retail, and financial industries, with many global brands entrusting us to not only supply their signage and branding solutions, but also to manage the supply, service, and security of their footprint.

Our proven track record of delivering excellence and unique concepts guaranteed to impress are responsible for the on-going relationships that Cennox continues to enjoy.
