

## CENNOX RETAIL

Customer Focused Solutions

**Cennox has made a huge impact in retail, and continues to advance by providing innovative solutions. We are a market leading provider.**

You may have never heard of Cennox, but you will definitely have come into contact with our solutions and products...Cennox is 'RETAIL'S BEST KEPT SECRET'!

Cennox prides itself on building successful partnerships and relationships which has a direct positive impact on our clients, and ultimately their customers.

**“ We support over 80,000 self-service devices across the nation, completing over 370,000 work orders per year.**

We work across many disciplines with the ultimate goal of improving the customer experience. Covering many areas of expertise, we can offer our customers a full-circle approach which is helping to respond and reshape to future trends.

To thrive, you have to offer something different. When retailers look towards the future for innovation and efficiencies, they turn to Cennox.

### Our retail services include:

- > Hardware Solutions
- > EV Charging Solutions
- > Kiosk & Checkout Solutions
