

SOLUTION SPECIALISTS

Working in Partnership with our Customers

Cennox is an industry leader, offering a wide range of solutions to the world's leading banks, retail and commercial institutions.

Our streamlined comprehensive services, robust processes and vast infrastructure enable Cennox to deliver best-in-class solutions that give us a distinct competitive advantage in the marketplace.

With strategically located warehouses throughout the U.S. and more than 700 directly employed field technicians, we provide agility and immediate response to our clients.

Through an unmatched focus on strengthening customer relationships, we leverage our deep portfolio of customized in-house solutions to deliver unique, personalized service to every client.

FROM IDEAS TO IMPLEMENTATION

Our approach is simple; provide customers choice and always deliver quality. We are multi-vendor, cross-sector, service delivery specialists.

“ We support over 400,000 self-service devices across the nation, completing over 60,000 work orders per month. ”

NATIONWIDE SERVICE DELIVERY

Specialists across multiple types of devices and trained to deliver a quality service.

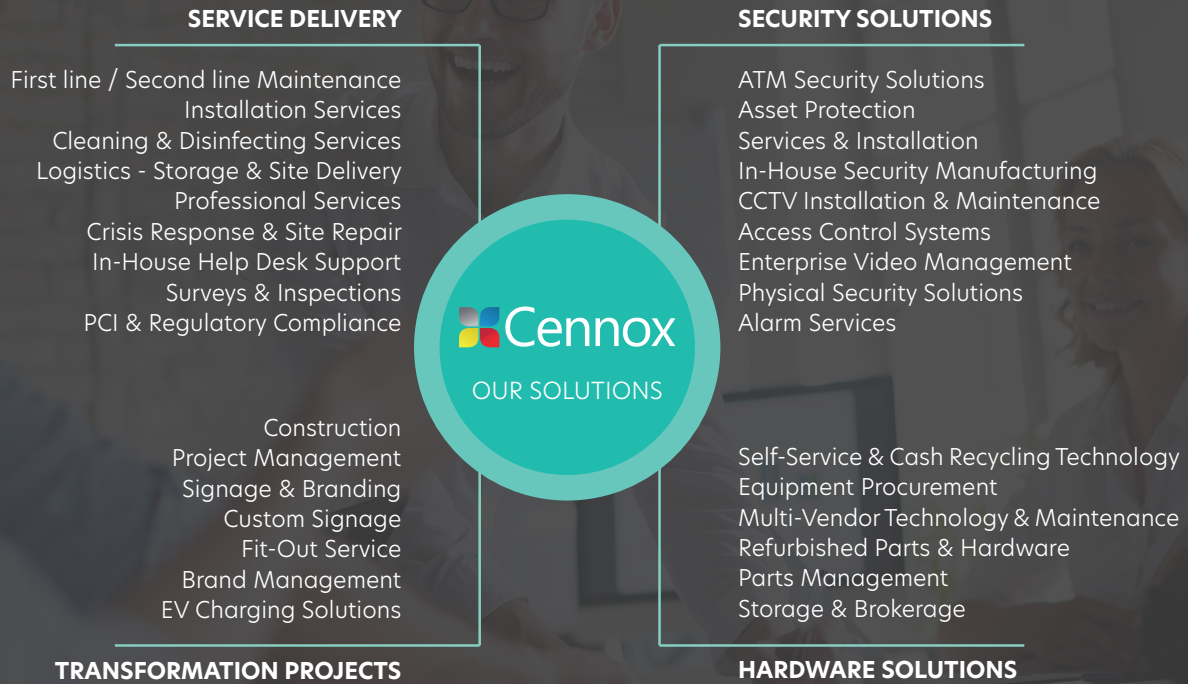

Our teams are trained and equipped to deploy a multi-vendor network of technologies in the field. We know the complexities and challenges inherent in delivering a nationwide service delivery and boast the accreditations required to confidently undertake the varied and specialist task of device installation and maintenance.

OUR SOLUTIONS

Designed to Deliver the Full End-to-End

FROM IDEAS TO IMPLEMENTATION

End-to-End Solutions

Cennox is known and trusted for managing complex projects and our customers regard our core capabilities as the ultimate solution for their business. From installation to complex banking and retail automation to managing and installing the latest airport security equipment, our customers think Cennox and consider it done.

Transformation Projects

We provide our customers with the full suite of services to support their transformation projects. From identifying the right hardware to improving efficiencies, to the complete fit-out and signage of your facilities. Our consultative approach and unique ability to provide solutions to each touch-point of any project.

Hardware Solutions

As an organization who has built a solid reputation as a multi-vendor supplier, Cennox has been building excellent relationships with OEMs and hardware companies to provide the supply, installation, and maintenance of equipment. From ATM's to BTM's, Smart Safes to Self-Service Kiosks and EV Chargers, Cennox can help you plan, procure, stage, install and maintain devices utilizing our nationwide network of skilled engineers.

Service Delivery

We specialize in providing centrally managed solutions for our customers, both big and small, across the globe and the continental US. We deliver solutions to support complex projects whether they are ongoing or special one-off projects. We thrive in demonstrating real end-to-end solutions, tailor-made to meet the needs of our clients.

Security Solutions

Security is at the heart of what we do. Cennox has been providing security products and solutions to customers for years, providing protection to keep their assets safe and secure.
