

# Vandalism response

Our rapid response service for vandalism provides quick and comprehensive solutions for the unfortunate scenario of attacked or damaged ATMs.

Cennox offers full project management for these occurrences as we liaise with all parties involved, including law enforcement officers as needed, to ensure swift and satisfactory resolutions.

In the majority of cases, our technicians and field staff are able to repair the machine on-site. Our technicians' advanced training and high level of expertise allows us to bring your machine back up to service in a single visit so that your customers experience the least inconvenience possible.

Through our parts and operations centers, we are able to carry a large inventory of spare parts and can replace affected areas quickly. This results in significant cost savings for our clients. Our vandalism response service drastically reduces the impact of a vandalized ATM, or other assets, on your business.
