

The RecyclerCoin

— THE L^{YN}CSAFE PORTFOLIO | LR400C

The RecyclerCoin is our medium size coin recycling solution for counting, sorting, storing and dispensing coins. This solution is a medium capacity, compact, efficient solution for managing your coins, automating the process of handling coins. The RecyclerCoin provides a digital audit of your inventory, which in combination with the Cennox Webportal means you can optimize the use of coins, whilst reducing handling time and eliminating errors. With the RecyclerCoin you can insert bulk, mixed coins into the input tray for rapid counting and sorting into denominations.
