

B7248D2 Inventory Safe

Proven Solution, Outstanding Service

- B-rate construction
- Time delay feature available as robbery and theft deterrent
- Lock options available on request
- 24/7/365 live technical support when needed
- Multiple user codes (up to 30 user codes)
- Dual compartments/dual doors allow separate access and control of content
- Spring-loaded re-locker

In store operations, you need a secure environment for your cash and valuables.

Cennox's retail safes have the size and strength to store large amounts of product and provide you with the piece of mind to know your assets are protected. The B7248 and B6032 come equipped with an electronic lock that is programmable for up to 30 unique user codes, limiting access to those who need it. The modular vault features an easy to assemble design, and customizable size options make it perfect to assemble in a back room or closet.

SPECIFICATIONS
