

The RecyclerMax (Note Only)

THE LINCSAFE PORTFOLIO

The **RecyclerMax (Note Only)** device, is a high capacity banknote back-office cash recycler. This device is designed to support retail stores to automate their cash management process through key touchpoints in the day. The **RecyclerMax (Note Only)** prepares the tills at the start of each shift, provides top-ups during the day, and enables the entire note contents of the tills to be deposited at the end of each working day. The solution counts, sorts, and stores the money, making the whole cash management process quick, efficient and secure.

Key Benefits

- High capacity back-office cash recycler
- Efficient till float management
- Automates cash counting and tracking, reducing errors and shrinkage
- Eliminates the need for cash handling by employees
- Provides real-time cash flow insights for cash-in-transit or banking needs
- Improved cash security while lowering operational costs
- Same day provisional credit options available
