

The RetailBox

THE LINCSAFE PORTFOLIO

The **RetailBox** allows for small sealed bags to be safely and easily deposited. A simple yet strong device with electronic code keypad. A multi-point lock with a rotary handle provides access, with all moving parts on the inside closed so that no seal bags can get between the closing mechanism. In addition, the door is equipped with magnetic contacts which check whether the door is really closed with acoustic signal should it detect the door not closing completely.

Key Benefits

- Compact deposit safe
- Secure design to suit retailers needs
- Allows for sealed bag deposit
- Electronic code keypad lock
- Acoustic door monitoring
