

# The RecyclerMax

## THE LINCSAFE PORTFOLIO

The **RecyclerMax** is a high capacity banknote and coin back-office cash recycler. This device allows retail stores to automate their cash management process through key touchpoints in the day. The **RecyclerMax** prepares the tills at the start of each shift, provides top-ups during the day, and enables the entire contents of the tills to be deposited at the end of each working day. The solution counts, sorts, and stores the notes and coins, making the whole cash management process quick, efficient and secure.

### Key Benefits

- High capacity back-office cash recycler
- Efficient till float management
- Automates cash counting and tracking, reducing errors and shrinkage
- Eliminates the need for cash handling by employees
- Provides real-time cash flow insights for cash-in-transit or banking needs
- Improved cash security while lowering operational costs
- Same day provisional credit options available
